

A 2-day online introductory course to the upstream Oil and Gas industry with an emphasis on East Africa

www.wataalamuoil.com

www.intestratservices.com

This is a thorough introduction to the upstream Oil & Gas industry delivered in partnership between **WATAALAMU OIL CONSULTANCY** and **INTESTRAT SERVICES**. The status of the Oil & Gas industry in East Africa is also presented.

Why choose this course?

- ★ All instructors are active practitioners in the Oil and Gas industry.
- ★ In-depth knowledge of the nascent East Africa oil and gas industry.
- ★ 100% online delivery and open to physical training upon request.
- ★ Course is practical and easy to follow with many illustrations.
- ★ Professional opportunities that will come with East Africa Oil and Gas.

Upstream Oil & Gas Industry Introductory Course

COURSE DESCRIPTION

This course is a 2-day introduction to the upstream oil and gas industry. East Africa is gearing up to see large projects undertaken and this course will give you the background to understand them.

The benefits of attending this course are the understanding the various disciplines making up the industry, the understanding the Life Cycle of the Oil Field and the overview of the status of the industry in East Africa. You will also become aware of the professional opportunities that will come with these large projects.
